**Pre-Surgical Bloodwork and Consent Form**

Owner's Name: \_\_\_\_\_ Pet's Name: \_\_\_\_\_ Date \_\_\_\_\_

Daytime Phone Number: \_\_\_\_\_ Proposed Surgical Procedure: \_\_\_\_\_ Initial: \_\_\_\_\_

Your pet is in for anesthesia/surgery and should recover normally. However, we highly recommend that we perform bloodwork to help rule out pre-existing internal problems (such as anemia, clotting disorders, infection, diabetes, and/or liver & kidney problems) that may not be evident physically and could lead to complications. *I have an understanding of the possible risks involved with the procedure. I also understand and realize results cannot be guaranteed.*

**The cost for this bloodwork is \$99.50. If your pet is 7 years or older, we require bloodwork to be done in order for us to perform the procedure on your pet. Only a Doctor can override these safety measures.**

☐ **YES**, Please complete the pre-surgical blood screen you recommend.

☐ **NO**, I have decided to decline the recommended pre-surgical blood screen.

**IV Fluid Therapy:** We highly recommend IV fluid therapy for all pets to help maintain blood pressure and prevent dehydration during anesthesia. If you consent to this added benefit, **the cost is \$55**. Please indicate your authorization. (Many doctor's estimates already include this service.) **If your pet is 7 years or older, we require fluids to be done in order for us to perform the procedure on your pet. Only a Doctor can override these safety measures.**

☐ **YES**                                      ☐ **NO**

**FOR DENTAL EXTRACTIONS:** The doctors would like your approval to extract teeth that are loose, infected, or that may cause problems later. Please indicate whether you authorize possible extractions and pain medication. Price will vary **\$10-\$65/tooth** depending on severity of extraction.

☐ **YES**                                      ☐ **NO**

**Histopathology of Mass/Tumor removals:** If your Dr recommended for us to send your pets mass/tumors off to the pathologist for microscopic review, please check y or n with your choice. The cost of 1 site sample is **\$196** and **\$80** for ea. Add site. \_\_\_\_ **YES** \_\_\_\_ **NO**

**\*Nail Trim \$9 (Regular \$18) \_\_\_\_ YES \_\_\_\_ NO**

**\* Microchip \$48 +tax \_\_\_\_ YES \_\_\_\_ NO**

**\* Heartworm test \$28 (If needed) \_\_\_\_ YES \_\_\_\_ NO**

**\*Anal Gland Expression \$20 + tax \_\_\_\_ YES \_\_\_\_ NO**

**E-COLLARS** are recommended to prevent chewing/licking of the incision/sutures. If an animal chews out his/her sutures, an anesthesia fee plus additional surgical repair fees, antibiotics and e-collar charges will apply. E-collars are required for surgeries involving the feet or genital region. E-collars are \$17-\$21 \_\_\_\_ **YES** \_\_\_\_ **NO**

**ANTI-NAUSEA MEDICATION:** A Cerenia injection may need to be given before or after surgery to help reduce post-operative nausea associated with anesthesia. Studies show that animals treated with Cerenia before anesthesia have reduced vomiting and return to normal eating faster. If your pet's Doctor feels it necessary to give a cerenia injection, I authorize him/her to do so \_\_\_\_ **YES** \_\_\_\_ **NO**

Cerenia injection are as follows:

**<20lb \$29.25**

**21-40lb \$39.25**

**40-60lb \$49.25**

**61-80lb \$59.25**

**81-100lb \$69.25**

**101lb and over \$79.25**

**If you have any other concerns or question's, you need addressed, such as limping, growths, etc. please write them below for the doctor to review.**
